"One picture is worth ten thousand words," says an old Chinese Proverb. In the years to come Chantie-leer will become one of your most treasured articles. Each member of your class will remember friend-ships and renew memories of school days now past. May your experiences at Cocke County High School be stepping-stones to a brighter future. I hope these remarks refresh your memory and bring you much happiness.

Assistant Principals

The administration, aware that the main purpose of any school is to provide a well balanced educational program, proceeded to implement a broad, flexible, curriculum and encouraged students to participate in current programs.

Mr. Henry L. Gregory, principal, had two able assistants this year --- Mr Glen Anders and Mr William Hicks

The Student Council at CCHS was composed of one representative from each homeroom, a president, vice-president and many members attended Council Workshop. In December, the Council sponsored a highly successful Student-Teacher Banquet where faculty members and Council representatives had the opportunity to discuss various school needs and problems. In the spring, the Council sent representatives to the Tenn. Association of Student Council where members gamed valuable information from other Council representatives across the state of Transsee. One of the main projects of Student Council this year was to purchase new curtains for the auditorium. The purpose of the Council is to serve as a channel of communication between the student body and the administration.

Homecoming

Homecoming Week '72 was filled with tradition, anticipation, and new experiences. This year the individual classes combined their efforts to come up with four outstanding floats on the theme, 'A Dream Come True

On Friday, the judging of the floats, the endurance of "Silent Day", and a rousing Pep Rally preceded the football game that night
